

THE UNITED REPUBLIC OF TANZANIA
INSTITUTE OF ACCOUNTANCY ARUSHA

SHORT COURSE ANNOUNCEMENT
ON
OFFICE CONFIDENTIALITY AND CLEAN DESK POLICY

(27th – 31st May 2019 - IAA Arusha Campus, Arusha)

1.0 COURSE BACKGROUND

In Confidentiality of information in the workplace has never been so important. As digital storage of sensitive data becomes the norm, cyber security concerns grow and the General Data Protection Regulation (GDPR) comes into being, confidentiality is a more pressing issue than ever. Whether its customer information or a private internal matter that needs safeguarding, protecting confidentiality of sensitive data is vital. And therefore, this course is designed to equip participants with necessary skills, understanding and best practices with regard to protecting data, handling sensitive information/data and everything they need to be aware of in their daily job. The course will also cover the best practices on implementation and enforcement of **Clean Desk Policy** as a tool for data security and privacy control.

2.0 COURSE OBJECTIVE

This is intended to equip participants with the knowledge, understanding and skills on data protection, information handling, key privacy and confidentiality principles, and how to meet legal requirements in the collection, use and storage of information. Also, participants will be taken through the legal requirements which must be put into practice to ensure legal compliance.

At the end of the course participants are expected to able to safely handle sensitive information/data and ensure their confidentiality in best ways, and understand their role and legal implication with regards to data protection and hence work responsibly in their organizations.

3.0 COURSE CONTENTS

The contents of the course will be:

- Understanding information life-cycle
- Understanding types of information/data (Management information, Trade secrets, and Personal information)
- Understand the risks within each stage of information life-cycle
- Information/data classification best practices
- Describe what Data Protection, Handling Information and Confidentiality means
- Analyze the key principles of the Data Privacy and confidentiality

- Discuss the core principles of data protection
- Explain and evaluate the implications employers and employees of not adhering to legislation
